

SPIN CYCLZ

test/demo ride agreement

The staff of Spin Cyclz has informed me of their requirement that a helmet must be worn at all times during my test/demo ride. And, Spin Cyclz has offered to loan me a helmet for this purpose, free of charge. I realize that if I choose not to wear a helmet I do so at my own risk and am aware of the inherent dangers.

I have received instruction on how to operate the bike on the test/demo ride and I understand how to ride the bike and operate its brakes and shifters in a safe manner.

I will not make any adjustments to the bike during the ride unless assisted by a Spin Cyclz representative.

I understand that I am subject to California State laws applicable to bikes. I will obey them during the test/demo ride and I will be aware of motor vehicles and other hazards during the ride.

I am the parent of legal guardian of _____ (required for someone age of 18), and have witnessed him/her being instructed on the items listed above and I am signing on his/her under behalf.

I also agree to respect the bike on the test/demo ride, and will assume responsibility for any damage cause by my actions.
